

New England Helicopter Symposium

The event is intended to be a day-long opportunity to get the helicopter community together to talk about aviation safety. It will feature seminars on the following topics: Autorotation - Loss of Tail Rotor Effectiveness - Flying Neighborly - State of the Helicopter Industry - Flying in the Wire Environment. Additionally, there will be a helicopter external load aerial demonstration. Don't miss this exclusive event. Click on the link below and register TODAY.

Directions: If driving, please use mapping software or GPS. If flying into Concord Airport, ground transportation will be provided between Concord Air Service (FBO) and JBI Helicopter Services.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
